The image is a screenshot of a software application window titled "eDAN Version 1.3.1 - ZINNA DAVIS (65429) Att Unit: 1625 - Applications for inventor: MIDDLETON, DONALD". The window has a menu bar with "File", "Edit", "View", "Preferences", "Tools", "Messaging", "Window", and "Help". Below the menu bar is a toolbar with various icons. To the right of the toolbar is a search field labeled "Application #". The main area of the window contains a table with the following columns: "Prx", "App Num", "Patent Num", "Status", "Date Filed", "Inventor Name", and "Title". The table lists several patent applications, all for the inventor "MIDDLETON, DONALD". The status of the patents varies, with some marked as "030" and others as "159" or "020". The titles of the patents include "Phenyl heterocyclic ethers", "Diphenyl ether compounds useful in therapy", "Novel compounds", "Lactams as tachykinin antagonists", "Diaryl compounds", "Nicotinamide derivatives and a tosetron salt in combination for the treatment of diseases", and "Chemical compounds". At the bottom of the window is a status bar that displays "Done (1.1 sec)" and a taskbar with icons for "Start", "Client Manager", "Document2 - Microsoft Word", "Document4 - Microsoft Word", "eDAN Version 1.3.1", and a clock showing "3:07 PM".
